Allowable Subject Matter

1. Claims 1-7 are allowed.

Independent claims 1, 4, and 7 are directed towards a motion vector method, device, and computer program reciting "...a determining portion for determining the search area for each of the blocks of said current picture on the basis of said tendency information to cause said motion vector searching portion to search for the motion vector as the searched motion vector for each of the blocks of said current picture in the search area for each of the blocks of said current picture..." which is a feature that is not anticipated nor obvious over the art of record.

Conclusion
